

Anarchists...

The press hates us:

"An avowed anarchist is more dangerous than a wild beast and should no more be allowed to roam at large than a tiger from the jungle." *Leslie's Weekly*.

The churches hate us:

"The law of God requires the maintenance of civil order and the repression of anarchism." *Christian Observer*.

The politicians hate us:

"I think it is very important that we don't concede an inch to these people." Tony Blair on the "anarchist traveling circus".

**They all hate us – the rich, the bosses, our leaders
But they can't keep us down!**

Why not join us as part of the opening week of Liverpool's new social centre for
